DALE SMITH

Elections Vote Light

Voting was light in Cameron city and school elections Saturday with an incumbent unseated in the trustee race and a narrow victory for one candidate in the city race.

Only 457 voters cast ballots in the trustee election and incumbent Betsy Brown was beaten in the three-way race for two board seats. Incumbent Calvin Cobb received 340 votes and Becky Magre, 272 votes. Brown received 218 votes.

For city council, Dale Smith running for Place 4 narrowly beat Odessa Poole, 292 to 289. Tommy Corley, Place 3 and incumbent Jan Luecke, Place 5 ran unopposed receiving 431 and 408 votes respectively.

One writein for Carl Black was recorded for Place 4. For Place 5

writens were cast for Porter Young, Ed Laywell, James Anderle, Gene Lumpkin and Mrs. Arthur Bowling.

Writeins for Place 3 includes Julius Whiteside, Charles Kunz, Pete Miller, Gene Lumpkin, Porter Young, F. E. Jackson, Lucille Blake and Monroe Fuchs.

BUCKHOLTS

Mrs. Gladys Allison and Ray Harris, incumbent school trustees were re-elected with 114 votes and 101 respectively while Mrs. Barbara Kuzel with 70 votes defeated Kenneth Arnold, 48 votes, and Mrs. Mae Hubbard, 23, in a bid for a one-year term to fill a vacancy on the board.

In the city election incumbent councilman Douglas Williams, with 80

votes, outpolled three challengers. Charles Treptow received 58 votes, Melvin Allison 46 and Evelyn Abel 24.

MILANO

Voters chose overwhelmingly to incorporate, casting 119 votes in favor with only 19 votes against incorporation.

All candidates in both city council and school trustee elections were unopposed, and Charlie Martin was elected mayor with 119 votes. O. T. Bullock received 111 votes and Luther Walker, 114. Lee Keen, with 109 votes and Jewel Griffin, with 104 won one-year council terms.

In the school trustee election John Yoakum polled 121 votes, Kent Thurman 117, Ben La Grone 108 and Bennie Williams 73 for county school trustee.

ROGERS

Mayor W. A. Persky, unopposed, was endorsed for another term with 85 votes.

For alderman, L. M. Ezzel, with 63 votes and J. A. Klecka with 53, were elected for two-year terms. L. P. Fowler with 66 votes defeated Johnny Hauerland, 17 votes, for a one-year unexpired term. R. H. Hill, running for the two-year post, lost his bid with 17 votes.

In the school election incumbents Leroy Kohring with 97 votes, Doyle Ray with 95, and Randolph Green with 70, were endorsed for another term. Losing in their bids were Judy Hutka with 57 votes and Delores Gloria with 8.

Hearing Set For Street Paving

A public hearing on the proposed paving of streets in the Green Addition was set for May 17 by action of the city council in a regular meeting Tuesday evening.

That ordinance passed, along with another to accept the bid of Odell Geer Construction Co. for the paving and a third to set width of streets.

Three councilmen were sworn in at the start of the meeting, held in the hall above the fire station where council meetings are now being held. Newcomers Dale Smith and Tommy Corley, and re-elected councilwoman Jan Luecke took their oaths of office for new terms.

In other business, council deferred granting a building permit to Jessie Mae Young pending her submitting a renovation plan for an addition to her home.

Charles McGregor asked council for lights, sand, home plate and bases for the ballfield back of Safeway for use by the men's softball team. Sand was promised and the other items will be decided by the next meeting.

A mobile home permit for E. 19th St. was denied upon objection by a neighbor and the fact that no sewage line is available and the city health

officer refused permit for a septic tank.

Police Chief Kent Butler presented information on a high speed teletype to replace the city's present equipment. He said 75 percent of the cost would be paid by the Criminal Justice Council, which is recommending the equipment for all over the state.

Butler also said a grant from the Governor's Traffic Safety Committee would provide pay for an extra traffic officer for the city, offering more traffic control. Action was tabled awaiting the contract.

Fire Chief Felix Matula asked that

fire plugs be painted with fluorescent paint so they can be seen easily at night, and reported that a number of plugs need attention.

He was instructed to have charges filed on those spectators who follow the fire trucks too close and block traffic at fires.

It was agreed to turn the Section 8 housing program over to the CDA.

A split vote was recorded on allowing a local car dealer to use part of the library lawn to display new cars for several days, with Lincoln Mondrik and Ernest Moore voting for the measure and Luecke, Corley and Smith voting against.

*** These Made The News, But Briefly ***

Collision Injures One

Juan Mendoza of Buckholts was injured in a two-vehicle accident at Buckholts at 10 p.m. Monday. His car collided with another driven by Charles Petty of Temple at the intersection of FM 1915 and SH 36. Mendoza was treated for head lacerations at Scott and White.

Police Report Assault

Frank Alexander of Cameron was charged Sunday with aggravated assault for cutting his son-in-law Will Watson with a knife during a family quarrel on North Bowie street. Alexander was released on \$500 bond and Watson was treated at a Cameron hospital. Police Sgt. Joe Cottle investigated.

Fire Guts Home

A fire gutted the home of "Poncho" Alvarado Sunday night and destroyed all contents just after 8 p.m. Two trucks answered the call and the cause is being investigated. Spectators at the scene prompted a warning from Fire Marshal Ed Bigbee that a city ordinance prohibits following fire trucks or emergency vehicles.

Phone Suspect Jailed

Michael Callas of Rockdale was jailed under \$3,000 bond after being arrested late last week and charged with making an obscene phone call. The arrest followed several weeks of work and investigation by the Rockdale Police Department and the sheriff. The call was traced to Callas with special telephone equipment.

17 Bar Patrons Fined

An unexpected visit by sheriff's deputies John Brooks and Charles West early Sunday morning resulted in 17 patrons of a bar being fined. The bar, south of Rockdale, was in operation at 3 a.m., which is after legal hours. None of the patrons were jailed.

Possession Charges Filed

Michael Cavil of Cameron was released from the county jail over the weekend after being charged with possession of marijuana and possession of a prohibited weapon. He was arrested by DPS Troopers Milton Wright and Scott Douglas following a routine traffic violation near Buckholts. Bond on each count was set at \$500.

Buckholts Museum Opens

The Buckholts Museum will be open to the public on Friday, April 8. There will also be a bake sale held there Friday afternoon to benefit the museum.

Good Friday Service

The community-wide Good Friday service will be held April 8 from 12:15 to 1 p.m. in the Youth Exposition Building in Cameron. Special music will be presented by the high school band.

Fire Cause Suspected

A two-alarm fire around 4 p.m. Tuesday burned over half of the Henry Taylor residence at 706 W. 8th. Fire Chief Felix Matula said investigators found a penny behind a fuse, and this may have been the cause of the fire.

School Transfers Due

April is school transfer month, and anyone who wishes to transfer from another school district to the Cameron district should see Supt. Buddy Dulin before May 1. After that date no transfers will be accepted.

118

With F.M.L.

BY THE CLUBHOUSEFUL...

Someone said "everyone loves a winner," but no one particularly loves the regimen that produces one.

The exception is an exceptional crop of young Cameron tennis players who are producing tournament points and trophies in numbers against more than local or AA competition.

In the largest tennis tournament in Cameron history, one freshman and two sophomores got perfect marks in sweeping their junior divisions while two sophomore and one freshman girls went through their divisions to the finals.

Beside that, several other young players are clearing early round competition and narrowing the edge in later rounds to assure depth in a program that is about four years old.

Cameron has several other players who started with this bunch three years ago, but who are in other sports or on the sidelines. They may return after this crop's record is compared with YHS teams in other sports.

Your attention is directed to Page 9 of this edition.

Coach Helen Huffman and husband Bill put together additional courts by lining off an existing court surface at O.J.T. campus and two new courts at O. J. Thomas Park. Several Cameron tennis buffs have boosted the talent in practices over the years. And civic clubs, Cameron Development Agency and City of Cameron have provided additional facilities for junior high use this year.

The current crop of players started in junior high two to three years ago. In fact two years ago, the junior high team with substantially the same lineup, except for Steve Hollas and Ron Cobb, defeated the YHS team that year.

Batte Cited For Work On County Historical Group

AUSTIN
Miss Mary Belle Batte of Rockdale, chairman of the Milam County Historical Commission, has been awarded a Certificate of Commendation by the Texas Historical Commission (THC).

Miss Batte is among 39 persons honored by the THC for serving more than ten consecutive years as chairmen of their respective County Historical Commissions.

The chairmen were recognized during ceremonies at the County Chairman's Workshop, held here April 1-2. The workshop was sponsored by the THC for county chairmen from throughout the state.

The Texas Historical Commission is the official state agency for historic preservation. Its programs include archeological investigations; history museum consultation; the marking of historic sites and landmarks; and the administration of the National Historic Preservation Act.

WEATHER NOTES

MARCH	HI	LO	RAIN
30	80	63	
31	73	57	
Total rain March 3.58.			
APRIL			
1	73	50	.03
2	75	64	.04
3	84	45	
4	82	53	.21
5	70	46	

Now, it is Ted and Dow Dodd, Buster Miller and George Sanders, Clay Kruse who didn't play the past weekend, Martin Luecke, Dave Mueck, Cathy Huffman, Helen Chandler, Judith Moore, Brenda Kunz and Cynthia Thompson, Glen Glaser, Tim Mitchan, Betty Sue Chubb and a few others making the tennis future brighter here than when a Cameron team won a state championship in doubles 60 years ago.

What is more remarkable is that talent has been developing without the CISD spending anything for additional courts. Cameron, Alcoa, civic clubs, almost everybody but the school system has funded the basic facilities!

More than 250 players, perhaps 300 last weekend produced some good tennis in singles and doubles. And when six 14 and 15-year-olds emerge from a draw of perhaps 150 in juniors, you're developing a winner. Several state finalists of 1976 or 4A champions didn't win, to give you an idea of the competition.

Little more need be said about the program or the results. Cameron is winning some dual meets with 3A schools and showing well against 4As. Two things will bring this program full cycle.

One is improvement of the three YHS courts, scheduled last fall, but delayed because of funding problems.

The other is establishing indoor court layout in the new Youth Exposition Bldg. to keep the program on a 12-month schedule, which is exactly what gives city players the advantage.

The schools and individuals have provided warmup suits for players and plenty of balls. And Cameron itself is becoming a tennis center for all-age players, perhaps 200 adults playing the game.

Winners are not accidental. And Cameron is grooming a tennis clubhouse.

You'll never convince people here it's a minor spring sport.

Yoe Students Win Honors In Regional Science Fair

Twenty-six Yoe High students competed in the Central Texas Regional Science Fair on April 1 and 2 at Baylor University in Waco and received a good many of the special awards presented by interested organizations.

Baylor Aerospace Studies Department awarded a certificate of achievement to Paul Cauley for his project, "Meteorology, (Weather Forecasting)." Paul also won the U. S. Navy award.

Richard Raymond's project "Solar Energy" won three special awards including the Junior Engineering Technical Society, National Aeronautics and Space Administration and the U. S. Army Science award.

Eloise Henderson received a check from the McLennan County Medical Society for her project on "Adolescent Hypertension." She also was awarded a certificate of merit from the Texas State Society of American Medical Technologists.

That society also awarded a certificate of achievement to Sarah Crouch for her project, "Prints Put The Finger on Heart Disease."

Clay Kruse won the award from the Audubon Society for his project, "Dendroclimatology."

The Central Texas Dental Society

awarded a certificate of achievement to Micki Michalka for her project, "Are Spaces Between Central Incisors Hereditary."

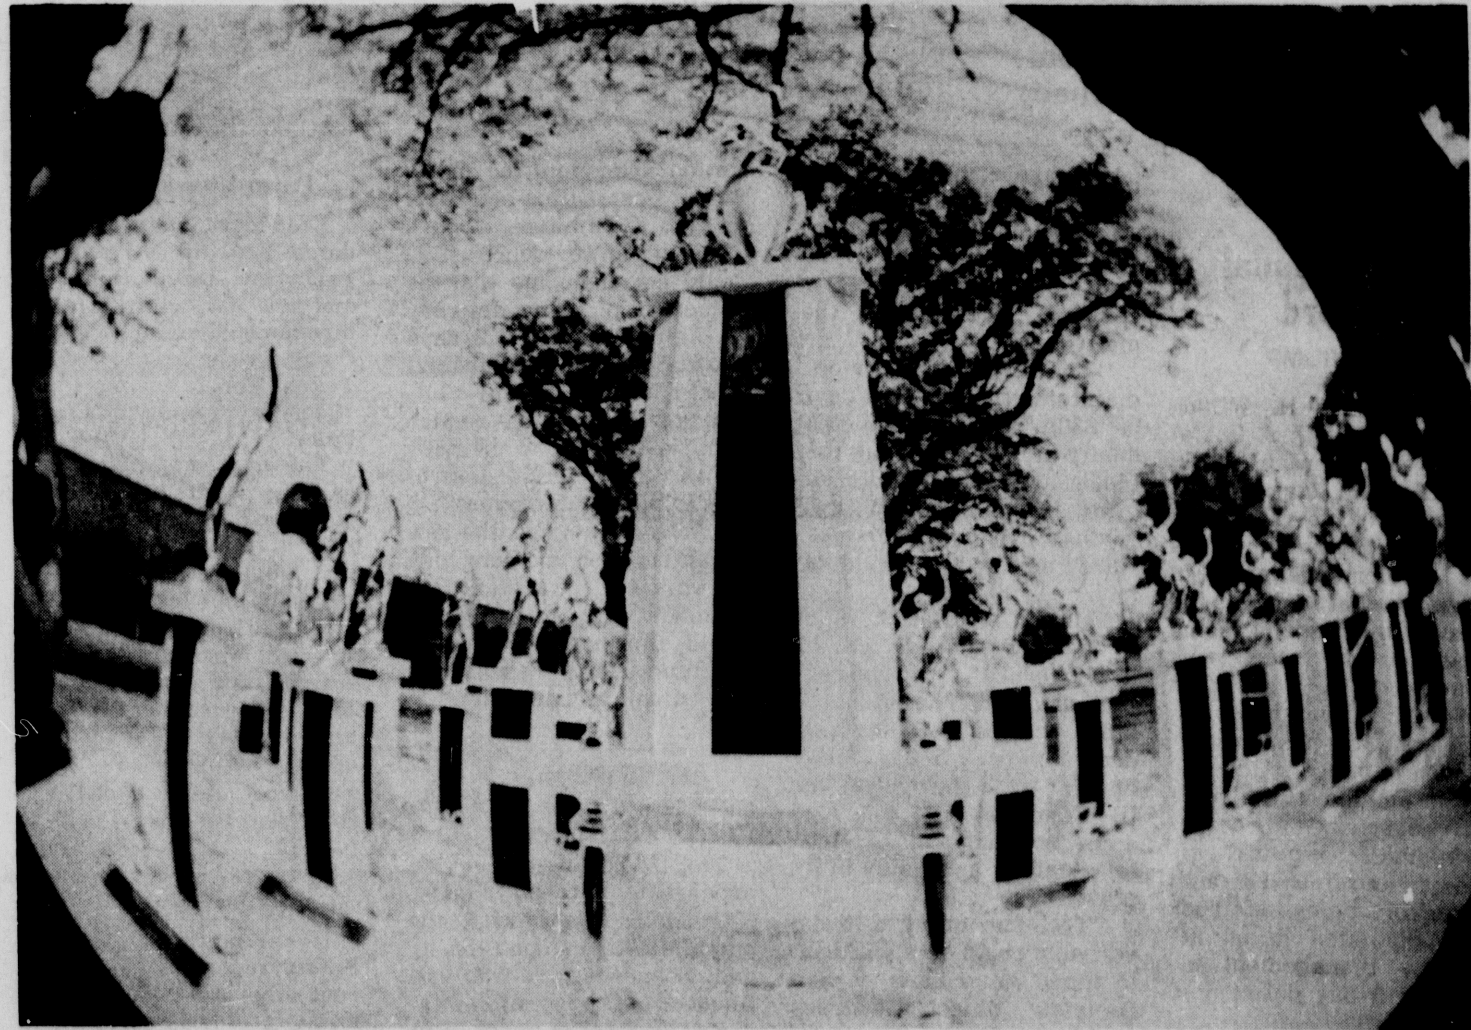

Science fair awards won by Yoe High students included:

Third place for Connie Eplen for "Lateral Eye Movement;" Ramona Cummings, honorable mention for "Does Birth Order Affect You." These were in the Behavioral and Social Science Division.

In the Botany Division Eddie Dodd placed first for "An Ecological Study of Sugar Loaf Mountain;" second place went to Clay Kruse. In the Chemistry Division Jeanne Dodd placed third with her study of "Automobile Exhaust" and honorable mention was won by Bobby Brock for his "Bronze Casting."

Paul Cauley placed third in the Earth and Space Sciences and Ronald Cobb son an honorable mention for "Solar Energy." Eloise Henderson placed first in the Medicine and Health Division and Sarah Crouch won an honorable mention.

Carl Bradley was given an honorable mention in the Mathematics Division for "Non-Transitive Dice" and Micki Michalka also won an honorable mention in the Zoology Division.

WHAT IT'S ALL ABOUT -- These are trophies, seen through a fisheye lens, that awaited winners in Saturday's Yoe High School Invitational

tennis tournament. More than 250 players from 14 Central Texas high schools played in the two-day event.

The First Distinction?

The year 1976 seemed a mixed bag for crime statistics as violent incidents dropped 6 per cent and crimes against property rose 4 per cent.

Texas Department of Public Safety says these are among figures for the past year compiled from reporting agencies among 93 per cent of Texas population.

Biggest drop was in robbery, which means theft accompanied by force or the threat of force. Murder and homicide dropped 6 per cent and burglary down 5 per cent.

Re-introduction of the death penalty for capital crimes may have shown some effect or it may have been better police work or just a watershed year in what has been an upward trend for at least 10 years.

It is probably a combination of these. This society has been so violence prone, so fascinated by violence on TV, so caught up in reaction to "normalcy", it may be that people are disgusted with the pattern and finally

compelling events the other way.

Attitude toward property or ownership has changed drastically in the past decade. So the less privileged may still find it easy to wreck or steal things without concern over how the item was acquired or that its ownership may be an extension of a person's values, particularly in earning by work whatever is stolen.

Mass production and mass education have opened the "pandora's box" of social mobility and change. And the attack on property and person is a result. It also says the attacker, the taker has little value for his own worth.

The sad truth is crime is paying quite well to hundreds of thousands who know the system of metropolitan social breakdown.

It is significant that violence is a little less and property crime is a little more. Perhaps criminality is making the first distinction in values which lead to a reverse in the general upsurge in Texas.

Guessing Game Continues...

The Soviets have rebuffed the Carter Administration's proposals for disarmament. Secretary of State Cyrus Vance, however, suggested new alternatives may derive from the Moscow stalemate over SALT.

We wonder if Mr. Carter may be learning that his remarks on human rights, shaped in the open commentary of Woodrow Wilson, cost this country some peace of mind over what Russia will do with the armaments problem.

It is still another commentary on what diplomacy

means, particularly to Russia: vis-a-vis, this for that with just an edge for Russia. A trade is being consummated for grain sale to Russia because she really needs the wheat.

We need the markets for many products and commodities. If Russia can trade with us and maintain an edge in nuclear armaments, it is to mutual benefit except they have more triggers to pull.

It is a sure sign that détente is dead. And the nuclear guessing game continues.

"Low Down" FROM THE Congressional Record

By JOE CRUMP

Rep. Charles H. Wilson (Calif.) "...The U. S. Postal Service will, as we all know, face continued financial difficulties in the years to come. From some quarters the recommendation has been made that money could be saved by reducing home delivery from 6 to 5 days per week.

"No firm decision has been made by postal management to move in that direction at this time, but I have recently begun receiving reports from postal employees in the field that mail is allegedly being held back and manipulated in an attempt by management to show that 5-day delivery is sufficient...

"While I am receiving reports regarding delayed mail from a number of cities in the country, most of the re-

ports are coming from the Postal Service's western region. At this time I cannot confirm these alleged delays, but I am in the process of investigating the matter....

"The Postal Service maintains that savings could be \$300 to \$400 million annually if such a change took place, although the USPS admits that "potential cost savings are not precise because the savings could vary."

"Under legislation which I have sponsored, H.R. 19, a procedure would be established which would prohibit service cuts such as dropping to a 5-day delivery, or rate increases, until Congress was provided a certain amount of time to consider a subsidy in its place.

"The impact of a 5-day delivery could be significant to many Americans. It is a decision which Congress could consider and decide if any legislation is approved."

ization Subcommittee of the House Post Office and Civil Service Committee. I have yet to see any evidence which would persuade me that the reduction of some delivery of mail from 6 to 5 days would be of such a financial benefit to the Postal Service as to offset the reductions in service to the public and the potential loss of jobs to postal employees.

"At a time when the new administration and Congress is working toward full employment, any action which would eliminate jobs has to be thoroughly researched and completely justified..."

CRUMP'S GRASS ROOTS COMMENT

The U. S. Postal Service appears to have no friends. The public don't like it, the postal employees don't like it, and Congressmen, who are flooded with complaints, don't like it. The tax savings promised the taxpayers are nonexistent. Maybe, it's back to the old drawing board

Farm Views Aired

Leaders of more than a dozen agricultural groups gave Gov. Dolph Briscoe and new Agriculture Commissioner Reagan Brown their ideas on how to make Texas No. 1 among the states in crops and profitability.

The new commissioner said he wants to insure good food in grocery baskets at reasonable prices and ample profits for farmers and ranchers.

Agricultural leaders stressed importance of research, water, animal disease and predator control and improved production and marketing techniques.

Briscoe described the conference as "very helpful."

Crimes Down

Department of Public Safety reported a six per cent drop in Texas violent crime rates last year.

However, crimes against property increased four per cent.

Dateline Austin

Property Coverage Rates To Drop

In a surprise move, the State Board of Insurance ordered a 2.8 per cent statewide reduction in property coverage rates starting July 1.

New rates will cut premiums across the state about \$18.9 million, according to board estimates.

Insurance companies requested a \$44.5 million rate increase.

But Board Chairman Joe Christie said evidence indicated no increase was justified and a cut was in order.

Most of the reduction, however, would go to commercial building and apartment owners carrying fire and extended coverage rather than homeowners policies.

About 80 per cent of homeowners policies actually are sold at premiums lower than specified by the board due to rate deviations permitted under 1973 law.

Homeowners policy rates will go up two per cent on a statewide average, compared with eight per cent sought by the insurance companies and 6.6 per cent initially recommended by the state agency's own statisticians.

The rates vary by territories based on loss experience.

Fire insurance rates will go down on an average of 5.7 per cent — 3.4 per cent on homes, 6.3 per cent on businesses and 17.5 per cent on farm buildings.

Extended coverage will be 11.1 per cent cheaper statewide — 16.8 per cent less on the seacoast, seven per cent less in central inland territory and 9.5 per cent cheaper in the north-northwest.

Homeowners rates will increase 1.3 per cent in the seacoast and 4.2 per cent central inland and will decline 2.4 per cent in the north-northwest.

Reports from law enforcement agencies showed in addition to the six per cent reduction in murders and homicides:

A two per cent drop in aggravated assaults, seven per cent increase in rapes, 14 per cent dropoff in robberies, 10 per cent increase in thefts, five per cent decrease in burglaries, and eight per cent decrease in vehicle thefts.

School Bills Move

Education finance bills are starting to move.

The House Public Education Committee approved a \$694 million package, designed to bring some property tax relief and equalization aid.

Full House debate was expected this week.

The Senate Education Committee probably will advance its version of school finance reform next week.

Courts Speak

The Supreme Court held a young doctor does not have to pay cost of building a clinic for him in the Panhandle town of Booker which he left after only five weeks practice there.

The high court also called for a third trial of a \$390,000 lawsuit by a water supply corporation against a contractor as a result of leaks in plastic pipe joints in the Marlin area.

In another case, the Supreme Court decided the family of a truck driver killed in a Dallas County hit-and-run accident cannot benefit under uninsured motorist insurance since negligence was not proved on the part of the driver whose car struck the truck.

Third Court of Civil Appeals ruled a Caldwell County man has no easement across a neighbor's land though he had used a road there since 1943.

AG Opinions

A bill to permit voluntary silent prayer or meditation in Texas public school classrooms seems to meet state and U.S. constitutionality tests, Atty. Gen. John Hill found.

In other recent opinions, Hill concluded:

Details of an employment discrimination complaint filed against the City of Austin are subject to public disclosure.

Exemption of residential utilities (including nursing and convalescent homes and apartments) from the sales tax is constitutional.

There is no apparent constitutional defect in a proposal to grant trial courts discretion to deny bail pending appeal in certain cases.

A defendant who wishes to plead not guilty in a traffic case must do so in open court, either in person or through counsel.

The method of execution

OLD PHILOSOPHER

Dear editor,

The high price of coffee, bemoaned by nearly everybody outside of Brazil, may be the key to the solution of the economic problems of the world. I'd better explain before the coffee drinkers start picketing your office, in case you publish this.

According to an article I read the other night, the doubling and then the quadrupling of the price of coffee has brought health to the Brazilian economy. Coffee farmers, now getting four hundred per cent more for their beans than ever before -- they have more frost-free coffee trees down there than they let on -- are cleaning up. They're buying new tractors, trading bicycles in on motor bikes, and for all I know buying CB radios. Coffee traders and coffee exporters are making real money, and the Brazilian economy, given this 2 or 3 billion dollar boost, is beginning to flourish.

This is the key to every nation's becoming economically healthy. Let each country in turn get hold of something the rest of the world wants but hasn't got. Raise the price of it till that country booms. But they have to take turns.

Brazil for example has done it with coffee, so it's problems are solved. The Arab countries, as everybody knows, has done it with oil. When the United States turn comes, we might do it with food. There are people on earth who place a higher priority on food than even coffee or oil. Some of them, I'm told, if they can't ride will even walk to a grocery store.

Now as for the other countries, the problem gets sticky. France might use wine, if a frost kills all the grapevines in the rest of the world, or Frenchmen claim it does and the CIA doesn't have the ability to find out for sure, anymore than it could find out how bad the frost was in Brazil or the drought was in Russia.

I'm hard put to think of what England could get a monopoly on that the rest of the world will pay a high price for. They speak better English than anybody else, but our schools have proved we're not interested in that.

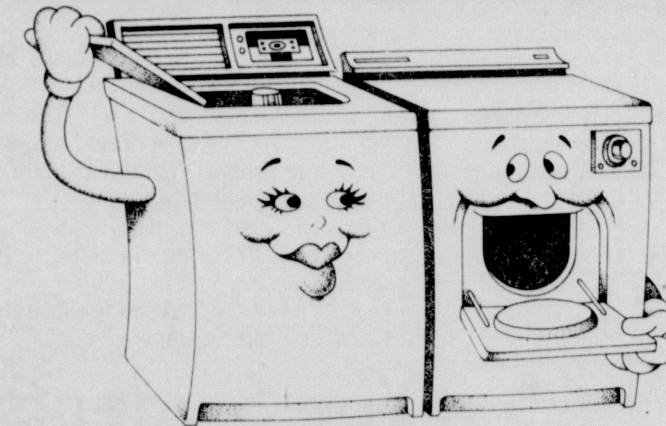

But one man shouldn't have to bear all the burden. I've thought of three countries, it's up to the Secretary of State to take it from there.

Yours faithfully,

J. A.

SAVING TIPS on electric washers and dryers

1. Choose proper wash cycle ("Hot" setting isn't necessary with most modern fabrics.)
2. Use long wash cycle only with full laundry load.
3. If washer has water level control, choose level to match load size. (Saves hot water and energy used to heat it.)
4. Clean dryer's lint filter after each load to help dryer efficiency and reduce drying time.
5. Don't overdry clothes. Set timer according to garment's fiber content.
6. Sort clothes for drying by weight and texture of fabric to avoid extra run-time for 2 or 3 slow-dry items.
7. Vent dryer to outside to prevent indoor moisture build-up. Follow manufacturer's operating instructions carefully.

Conserve electricity and you help conserve one or more of the fuels needed to produce it: natural gas, coal and oil. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity.

If you would like additional information on conserving electricity, call or see the Customer Service Representative in the TP&L Office.

Revision Advised For Medicaid

A citizens' study group has recommended revising the Texas Medicaid Program to include 500,000 working poor and their families who cannot afford adequate medical help, but who are ineligible for Medicaid.
The Task Force for the Evaluation of Medicaid in Texas was created in January by the State Board of Public Welfare when it became apparent that rising medical costs were jeopardizing the program that provides health care for the state's needy aged, blind, and disabled, and for dependent children.

Happening about town

Gerry Prazak, Area Editor

Page 6 Cameron, Texas, Herald, April 7, 1977

ENGAGED - Mr. and Mrs. Fred Nolen of Rockdale announced the engagement of their daughter, Barbara to Mike Young, son of Mrs. Marvin Young Sr. of Cameron. Miss Nolen is a 1976 graduate of R.H.S. Young is a 1974 graduate of Y.H.S. and attended T.S.T.I. in Waco. A May 14 wedding is planned at the First Baptist Church in Rockdale.

Museum On KCEN-TV

Sunday, Don Julian from KCEN-TV of Temple came and took pictures of the museum which were shown on TV Sunday.

The opening hours for the museum are Sunday 1 to 5, Tuesday, Thursday and Saturday they are open all day. They have been having good attendance.

The museum is in need of several items to be loaned or donated to the museum can use them for viewing by the public. They need mannequins on old dress forms to display old clothing. Also any World War I mementos, whether clothing, medals or anything pertaining to events during World War I.

Also any old flags anyone would like to loan to the museum will be appreciated. It can be any old flag whether it be regimental or otherwise.

Anyone having any of these items are asked to take it to the museum or contact someone at the museum and they will pick it up.

BIRTHS

Born to Mr. and Mrs. Henry Dell Silvey of Minerva, a girl, Shane LaDeil born March 31 at 11:37 a.m. and weighed 7 pounds 3 1/2 ounces.

Grandparents are Mr. and Mrs. Lawrence Gabriel Sr. of Rockdale and Mr. and Mrs. Dale Silvey of Minerva.

Surprise Shower Honors Miss Nolen

A surprise wedding shower honoring Barbara Nolen of Rockdale, bride-elect of Mike Young was given at the Cameron Lanes Wednesday April 6.

A wedding bell cake and punch were served. The cake was decorated in peach and white, the bride's chosen colors.

Hostesses were Cathy Dodd, Doris Sullivan, Lydia Ramirez, Isabell Frei all of Rockdale. Jane Harrell and Judy Mees of Cameron and Irene Kostrom of Rogers.

Meetings

Germania Farm Mutual

The Germania Farm Mutual Aid Association #78 will have a meeting Saturday afternoon at 2:30. The meeting will be held in the Old Fellowship Hall, Cameron.

All members are urged to attend.

TANE

Rev. L. C. Reece and Mrs. Reece of Cameron attended a TANE meeting recently in Austin.

Rev. Reece is a member of the Board of Directors of the Texas Narcotics Education. It is called TANE. They are against the abuse of narcotics.

They met April 5 with legislators and Gov. Briscoe. A legislative luncheon hosted by the legislative committee was held at the Sheraton - Crest Hotel.

Gov. Dolph Briscoe held a reception in his office in the Capitol. Legislators and Board of Directors of TANE attended.

Funds Set For Rita Kubacak At Banks

Funds have been set up at both the Rockdale State Bank in Rockdale and the Citizens National Bank in Cameron for Mrs. August (Rita) Kubacak to help pay medical expenses.

Rita is the aunt of Billy and Caroline Geline of Cameron.

Any donations will be appreciated and all checks to be made to Rita Kubacak Fund and deposited in either bank or contact Caroline at Geline's Blacksmith Shop or write P. O. Box 613, Cameron, Texas. Or anyone may call 817-697-3855 or 817-697-2031.

"What is now proved was once only imagined."
William Blake

CLUBS

Beta Nu

Mrs. Ruth Williams of Austin, Area V coordinator for Alpha State Delta Kappa Gamma, was guest speaker for the Beta Nu Chapter meeting, Saturday, April 2, at Houston's Cafe in Marlin, for a 9 a.m. breakfast.

Mrs. Williams belongs to Alpha Chapter of Delta Kappa Gamma and is principal of Pease School in Austin, the oldest elementary school in Texas. The theme of Mrs. Williams' talk was "Commitment."

Miss Eulalia Brown, chairman of Necrology, and Mrs. Mary Stubbs, of Rosebud, gave a memorial for Mrs. Annie T. Magee, recently deceased charter member of the chapter.

Miss Frances Forbes, chairman of the membership committee, presented eight nominees for active membership and one for associate. They will be initiated at the September meeting of the chapter.

Mrs. Winnie Barron of Franklin reported on the eight changes in the Constitution to be considered at the state convention in June and the International convention in August 1979.

Mrs. Dorothy Gleason and Mrs. Doris Gause of Cameron, Mrs. Myrtle Love of Rockdale, and Mrs. Carolyn Kropp of Marlin, members of the Research Committee presented a skit for Program No. 4 "Commitment to Leadership."

Hostesses in charge of arrangements for the breakfast were Mrs. Lillian Roman, Miss Clara Ed Schiller, and Mrs. Grady Ligon, all of Lott.

Mrs. Sandy Williams of Waco was a guest.

Raw spinach leaves are attractive and nutritious in a tossed salad.

Junior Historians

Twenty-five members of the Junior Historian Chapter 103 and their sponsor participated in the Annual meeting in Austin on April 1 and 2.

The chapter received an award as honor chapter for its program of school and community activities.

Renee Schigut received a third place award in museum exhibits for her "Little House on the Prairie."

Honorable mention awards went to: Developing Bridges by Richard Raymond, Quilts by Karen Hughes, Sketches of Cameron History by Clay Kruse, Boots and Shoe Repairs by Brian Wilkinson and Coal Rush by Lansing Dusek.

The projects of Schigut, Hughes and Raymond were chosen by the Institute of Texan Cultures to be displayed in San Antonio during the summer. They will be viewed by the many tourists who will meet Texas Junior Historian work in the Institute.

The Texas Bureau for Economic Understanding honored the chapter sponsor, Miss Ada Margaret Smith with a Leadership Award for 28 years of work with the local Junior Historian Chapter.

Pleasure & Profit

The Pleasure and Profit Club met Thursday afternoon in the home of Patsy Nance with 13 members present.

Two new members, Roxanne Jordan and Glenda Dusek were welcomed into the club.

During the social hour the hostess served a salad plate with tea and coffee.

Jean Tumlinson, the president called the meeting to order.

After the business meeting Frances Hensley reviewed the book "Lindberg Alone" by Brendan Gill, a story of his historic flight across the Atlantic ocean 50 years ago. This 33 1/2 hour flight was held as a triumph for aviation as well as for the man.

The meeting was adjourned.

Buckholts Bake Sale

The Buckholts Museum will sponsor a bake sale, Friday, April 8, between 2 and 4.

The Museum is located in the old bank building in downtown Buckholts.

Anyone interested in supporting the museum is encouraged to bring a homemade item to be sold.

Visitors are invited to come and browse around the museum during the hours of the sale.

TEENAGER NOW - Tatum O'Neal just turned 13, stars in her third film as a truckdriver who rents hot-air balloons, rattlesnakes and the like to early-day California film companies in the new Columbia Pictures release of "Nickelodeon," a laugh-laden and touching slapstick drama of the pioneer days of silent films. Also starring in the film are Ryan O'Neal, Burt Reynolds, Brian Keith and Stella Stevens.

Key To Perfect Easter Eggs Is Cooking

By Chris Holcombe

The key to "perfect" Easter eggs is in the cooking. Ring around the egg yolk is just as objectionable as 'ring around the collar,' especially when it comes to Easter eggs.

The green ring is caused by the chemical reaction of the iron in the yolk with hydrogen sulfide from the sulphur in the white. Overcooking causes this and can be prevented by using a few simple cooking techniques.

--The eggs will be easier to peel if they are allowed to sit at room temperature for 24 hours before cooking.

--Place the room-temperature eggs in warm water for a few minutes to prevent cracking the shells when they are added to boiling water.

--Using a large spoon, transfer the eggs from the warm water to boiling water. Adjust the heat to keep the water below simmering for

20 minutes. Remember that the eggs are never boiled, but are cooking below simmering.

--Cool the eggs thoroughly in cold water to help prevent discoloration of the yolk and make shell removal easier.

--Remove the shell by cracking gently all over and rolling the eggs between the hands to loosen the shell.

--Begin peeling from the large end.

--Running water helps remove the shell after it has been cracked. The fresher the egg, the harder it may be to peel.

Bake Sale

The Senior Citizens will have a bake sale on Friday at 10 a.m. at the Community Action Center at 701 Emancipation.

A drawing will be held that afternoon for a quilt to be given away.

Everyone is invited to attend.

Some astronomers believe that Pluto is not a planet at all, but a runaway moon belonging to Jupiter or Neptune.

Library News

There is a special place in town where you can be anything you want. The place is the Cameron Public Library.

The library is more than a house full of books -- it's a center for ideas. It's a place to support your ideas as well as to challenge them through records, books and magazines.

According to child experts like Benjamin Bloom of the University of Chicago, exposing your child to books contributes to the child's IQ (intelligence quotient). The child should be read to at the very early stages of development, because your baby begins to learn from the moment he or she is born.

There are things you can do in your home to help your child's development. In "Guiding Your Child From Two to Five," Molly Mason Jones recommends that

books should be available to your child from the day he or she is born.

Even before the child is walking, put a book of clear colored illustrations where he or she can look at it. When he begins to walk, keep his books on low shelves where he can have ready access to them.

Jones suggests that the books be interesting, containing pictures of things the child is familiar with. And most of all, enjoy the books with your child.

This is where your library and librarian can be of service to you. They are ready and willing to discuss children's literature with you. If your child has a specific interest, they can find what he wants.

Sharp-Tracy

By Mrs. L. Guillote

The Texas Home Demonstration District 10 held its annual Spring meeting the last day of March at Washington on the Brazos. Mrs. Wavy Charles and Jerry Nabours met others in Rockdale and Milano for a total of 23 from Milam County attending the meeting.

Howard Lee Coffman and friend, Marcus of San Juan spent the weekend with Howard's grandparents, Mr. and Mrs. Coffman.

Jane Henitze of Taylor

spent Sunday with Agnes Rinn.

Mrs. Roger Gilleland visited with friends in the Sharp community during the weekend.

Mr. and Mrs. Bill Roesler were in Dallas this weekend to meet their new granddaughter, Jamie Ann, daughter of Mr. and Mrs. David Roesler.

Mrs. Leroy Guillote spent three days in Florida visiting with Beth and Jack Brooks and son Patrick, and Leroy and Faye and daughters, Tina and Kristi. Claudia, James and Jonra Guillote returned home with their grandmother

GAUSE NOTES

By Wanda Lee

There will be an Easter egg hunt for the youngsters of the community Saturday afternoon beginning at 2 p.m. Children are asked to gather at the picnic tables, where after the hunt, refreshments will be served. It is asked that you bring the children's eggs to Gause's Grocery before noon Saturday so that they can be held before the children arrive at 2. Also, the parents are asked to bring something, cookies, cupcakes, punch, etc. to help supply the refreshments.

Mrs. Roger Kingsley attended a bridal shower in Bryan Friday night, March 25 honoring her granddaughter, Miss Teresa Weedon, at the home of Mrs. Jimmy Weedon. Mrs. Kingsley spent the night with her daughter and son-in-law, Mr. and Mrs. Travis Weedon.

Lance and Kristi Lee visited in Milano Sunday afternoon with Regina and Trent Miller and their parents.

Mr. and Mrs. Roy Gene Miller.

Kelli McWilliams of Hearne spent the weekend here with Mr. and Mrs. W. L. Duto.

Mrs. Martha Ann Thornton, Todd and Jennifer of Houston and Mrs. Butch Vandeweghe and Stephanie of Mexia visited during the weekend with Mr. and Mrs. Earl Hardecastle. Todd, Jennifer and Stephanie remained for the week for a visit with their grandparents.

Staci Hux of Cameron spent the weekend here with her grandparents, Mr. and Mrs. Cecil Butler.

There was a very light turn out to Saturday's school board election. Wayne Lee, Billy Sparks and Vernon Shaw were elected to the board.

Mr. and Mrs. Mike Lange and Paula and Mr. and Mrs. Fink of West Columbia visited Friday with Mr. and Mrs. Louie Lange. Mr. Lange joined them for a weekend outing at Lake Somerville. They returned to Gause on Sunday evening.

News From Buckholts

By Mrs. Edwin Gandy

Buckholts school will have their Easter holidays Wednesday, Thursday and Friday. They will return to school on Monday.

Mrs. John Mekush has just returned from a trip to Missouri where she spent two weeks with her daughter and family, Mr. and Mrs. Bob Aldridge.

Juan Mendoza was injured in a 2-car accident Sunday night around 10 p.m. He was carried to Scott and White Hospital in Temple by a Cameron ambulance.

There will be a city council meeting on Thursday morning April 7. The main topic on the agenda will be letting of the contract on the sewer system.

Visiting with Mrs. Paul Sakewitz and Leslie on Sunday were Mr. and Mrs. Arthur Cross from Belton and Mr. and Mrs. Lawrence Hanks and children from Rogers. We are glad to report that

Mrs. O. W. Whittington was able to be back in church on Sunday after being out for 5 weeks due to the accident she had when she broke both of her arms.

Mr. and Mrs. Ladis Marek and family from Waco spent the weekend with his parents Mr. and Mrs. Ladis Marek.

The Buckholts Museum will be open to the public Friday April 8. There will also be a bake sale held there Friday afternoon.

Visiting with Bro. and Mrs. Ronnie Watson and daughter on Friday and Saturday were his parents, Mr. and Mrs. Watson from Irvin.

Mr. and Mrs. Joe Zawadzke are able to be back home and are doing pretty good after being in a nursing home for some time.

Jeff Beckhusen, who goes to school in Austin, is home over the Easter holidays with his parents, Mr. and Mrs. W. E. Beckhusen.

San Gabriel News

By Mrs. W. McDaniel

Those going to the house warming for Mr. and Mrs. Curtis Beason and children in Rockdale Saturday night were Mr. and Mrs. Larry Heine, Danny and Dana, Mr. and Mrs. Billy Beason, Kendal and Amy, Mr. and Mrs. Dan Beason, Mr. and Mrs. Guinn Gifford and Mr. and Mrs. W. McDaniel.

District 17 Highways Due Repairs

The State Highway and Public Transportation Commission approved \$2,355,000 in a special rehabilitation program for highways in District 17.

District Engineer Joe G. Hanover said these funds will be used on approximately 140 miles of highways which suffered the most damage from a severe winter. Statewide, \$60 million has been allocated for this type of work.

Most of the work will consist of scarifying existing roadbed, recompacting, re-shaping and placing a new surface. This type of construction will simply restore the highway to a condition equal to or better than before the wet, cold winter of 1976.

Hanover said 16 different highway sections will be worked on under at least ten contracts. Plans have already been submitted to Austin so that the work can be done this summer.

"We are very pleased to be able to improve these highways. The traveling public will benefit in two ways. First, this 140 miles will be in better condition; and second, our maintenance forces will be able to concentrate on improving other routes," stated Hanover.

He noted that state forces will be placing a new surface on another 312 miles of highways in District 17 this summer.

Highways to be rehabilitated in District 17 this year under the program include: Milam County - US 79 from east city limits of Thorndale to Rocky Creek, FM 908 from Rockdale to Burleson County line; FM 979 from FM 485 to the Brazos River.

Last Minute Filers Make More Errors

Area residents who file their tax returns at the last minute may have to wait longer than expected for a refund unless they double check their returns for errors, the Internal Revenue Service said.

The chance for error may be greater this year because of changes in the tax law for tax year 1976 and beginning in tax year 1977. For instance, changes in effect for tax year 1976 apply to a earned income credit, child care expenses, disability pay, income received during retirement, business use of a home.

Maysfield

By Mrs. J. P. Wise

Mrs. Mike Patterson and two children, Tammy and Mike are visiting at the home of her mother and father, Mr. and Mrs. Jess Weathers. They have just returned from Munich, Germany.

Their husband and father will join them Easter. After a visit with her parents, they will be moving to Ft. Huachuca, Arizona where he will be stationed.

Mr. and Mrs. Thomas Thweatt and children of Boyd, Texas spent Saturday night with his mother, Mrs. Fred Hefti and Mr. Hefti. The group attended the Plenti family reunion at LaGrange.

Mrs. Lou Childers and friends Miss Odena and Edna of Baytown visited Mrs. Roy Newton Thursday.

Mrs. Mary Massengale, Mrs. Roy Newton, Mrs. Dock Thweatt, Mrs. W. C. Cooper and Mrs. Herbert Thweatt were in Temple Monday.

Mr. and Mrs. Douglas Gunn of Dallas visited her mother, Mrs. Delbert Sapp, last weekend.

Mr. and Mrs. Doug Caroon and son Cameron of Austin spent the weekend in the old Herbert Massengale home.

Mr. and Mrs. Ernest Sapp visited her mother, Mrs. Jewell Vaughn in Hearne Sunday.

Mr. and Mrs. Mike Henderson and children of Temple visited her parents, Mr. and Mrs. Johnny Yates Saturday evening. Mrs. Ina Jekel of Austin also visited her parents during the weekend.

OBITUARY

Reisner

Rosary for John J. Reisner, a 63-year-old blacksmith who died Friday in a Cameron hospital, was recited at 6 p.m. Sunday in Marek-Burns-Laywell Funeral Home.

Funeral was at 10 a.m. Monday in St. Monica's Catholic Church with Msgr. John Geiser officiating. Entombment was in St. Monica Mausoleum.

A Brenham native, Mr. Reisner had lived in Cameron for 55 years. He was a member of the Knights of Columbus Lodge.

Surviving are his wife; sons, Edward Reisner of Temple and Frankie Joe Reisner of Little River; daughter, Mrs. Kenneth Daventport of Temple; brothers, Willie and Frank Reisner, both of Cameron; sisters, Mrs. Leo Grote of Brenham, Mrs. Martin Baranowski of Houston and Miss Celia Reisner of Austin; four grandchildren and two great grandchildren.

Matamoros

Funeral for Joe Matamoros, 63, a retired Santa Fe Railroad employe was at 2 p.m. Monday in St. Monica Catholic Church with the Rev. Louie Pavalek officiating. Burial was in the church cemetery.

Mr. Matamoros, a Laredo native, died Friday in a San Antonio hospital.

Surviving are his wife; sons, Joe and Isaac Matamoros both of Dallas; step-

Revival Set At Marlow Baptist

The Marlow Baptist Church will hold a revival starting April 4 through April 9 with services starting at 7:30 p.m.

Rev. James Lafferty, district missionary, will be doing the preaching and Wesley Shelandar will lead the singing. There will be special music each night.

Rev. Clyde Griffin, pastor of the church, issues a cordial invitation to the public to attend the services.

CHURCH SERVICES

Everyone is invited to worship at the First Methodist Church in Cameron this Easter Sunday morning. Special music will be presented by the chancel choir.

Rev. Stanley Vodicka will conduct the service of worship with the scripture lesson from Mark 16:1-7. Church school begins at 9:45 a.m. under the direction of James Camp. A nursery is provided during the worship services.

Buckholts Brethren Activities

Sacrament of Holy Communion will be observed during the 7:30 p.m. service on Good Friday.

Rev. Milton Maly, pastor will deliver the sermon at the Sunrise Easter Service Sunday. The worship service begins at 6:30 a.m. Following the service, coffee and donuts will be served. Visitors are welcome.

Visitors attending the morning worship service this past Sunday included Mrs. Willie Kohutek of Temple and Mrs. Kovar from Oaker.

Several members of the church accompanied Rev. Maly to Wesley recently where they toured the old Wesley Brethren Church. The Wesley church is the oldest Brethren church in Texas. The group welcomed Mrs. Tillie Matthews of Cameron, who also accompanied them on the tour.

Mrs. Albina Mekush has returned from Pacific, Mo. where she was a guest of Mr. and Mrs. Bob Aldridge and family. Mrs. Aldridge is the former Carolyn Mekush. While in Missouri, Mrs. Mekush visited the Missouri Botanical Garden in St. Louis.

Kohring Promoted To Sergeant

DPS Director Col. Wilson Speir announced Friday the promotion of Lloyd B. Kohring to highway patrol sergeant to be stationed in Humble.

Kohring, a native of Cameron, graduated from Holland High school in 1966, attended Temple Junior College and Austin Community College.

He served six years in the National Guard, joining the Department of Public Safety in 1968. After completing an 18-week basic law enforcement training school, he was assigned to the highway patrol in Austin.

Instrument of Death

Can you imagine the electric chair or the gallows being thought of as a symbol of Life? Every day we see the Cross; but only on Good Friday do we remember it was once an instrument of execution.

This tremendous reversal in the meaning and implication of a device of torture and destruction bears simple witness to the profound effect the Resurrection of Christ has had on human culture.

Yet the thrust of the dramatic events that led to that first Easter is aimed not at culture but at YOU and ME. Christians believe Jesus died and rose again for US.

Celebrate Easter with all who share this joyous belief. The Lord made the Cross a symbol of His life — an inspiration for ours.

A winning stroke

Bryan, YHS Juniors Dominate Field Of Invitational 250

Bryan's tennis depth dominated the senior division of the Yoe High School Invitational the past weekend, while four Cameron seeded junior entries soloed into four division finals, winning two.

More than 250 players from 14 Cen-Tex high schools - A to 4A - showed in two days Bryan's Stephen F. Austin High School the team winner and Cameron the junior winner.

Two-A power Columbus and Waco Vanguard vied closely for team honors in the senior division, while Bryan followed YHS seeds into all but one of the junior semis, winning the girls doubles. Ted Dodd, YHS senior who is primarily a doubles player, reached senior boys semi-finals where he lost to Bryan's Gillespie 6-2, 6-1, the ultimate division winner over Bastrop's Claiborne, 6-4, 6-2.

Dodd, the 5-9, 155-pound younger brother of Ted, ran through junior players from Bastrop, Waco and Columbus with 8-0, 8-5 and 6-1, 6-1 consecutive wins over Kershaw, Roddy and Venghouse toward the finals.

YHS sophomores Buster Miller and George Sanders also won four consecutive matches in straight sets to triumph in the junior boys doubles finale 6-3, 6-1 over a Bryan team of Bigam-Phelps.

Miller-Sanders won 8-0, 8-1 and 6-0, 6-3 over junior doubles entries from West, Waco High and Bryan to reach the finals.

Junior varsity matches feature eight-game "pro" sets in the first two rounds because of the number of entries and limited number of courts, 10 in Cameron and four in Rockdale.

YHS junior girls entries reached the finals in both singles and doubles.

Cathy Huffman, daughter of tennis coach Helen Huffman, lost 6-3, 6-3 to Franklin's diminutive Box, a 5-foot-tall freshman tennis machine, after both had won three rounds without dropping a set.

Huffman, a YHS sophomore, won over Waco High's Robinson, 8-0; Waco Vanguard's King 8-6; and Bryan's Squire 6-4, 7-6 in the semis. Box ran through opponents from Bastrop, Midway and Waco Vanguard into the finals.

YHS junior doubles players Helen Chandler and Judith Moore reached the finals before dropping a set, losing to Bryan's Benbow-Cofer, 7-5, 6-4.

Chandler-Moore, No. 1 seed in the division, narrowly defeated a Waco High team 9-8 in first round, crushed a West entry 8-0 in the quarter finals and defeated another Bryan team of Bray-Siegert 6-4, 6-4 on the way to the finals.

Benbow-Cofer easily defeated the division second seeds from Thrall, Mikulencak - Gensler 8-1 in the quarters, narrowly defeating a Columbus team in a qualifying round, 9-8.

A second Cameron junior doubles entry reached the quarters before losing to Midway's Crosier-Smith, 9-7. Kunz-Thompson defeated Kessler - Allgood of Waco High 8-3 in the first round.

Martin Luecke, No. 2 YHS freshman singles entry, lost in the second round in junior boys to Waco Vanguard's Cooper, 8-6, after defeating Rockdale's Barry, 8-6.

David Mueck, a third YHS junior singles player, won a first round match 8-5 over Midway's Yglesias before losing to Belton's Muniz 8-6 in the second round.

Cameron had no entries in senior division boys doubles, girls singles and doubles.

Rockdale's senior girls entry of Cooke-O'Connor reached the semi-finals before losing to ultimate division winners from Columbus, Leyendecker-Jundorf.

Columbus' senior doubles team of Luedecke-Fitzgerald dominated senior boys competition by defeating Waco Vanguard's Mathis-Mathis 6-4, 6-2 in the finals, following a semi-final win over the Vanguard team of Winchell-Winchell, 6-3, 7-6.

It was an all-Bryan final in seniors girls singles with Howell and Johnson meeting the former over Columbus' Koehl 6-4, 6-4 in one semi, and the latter winner over Vanguard's Oltorf 6-0, 6-3 in the other.

Gillespie's win in senior boys singles and the all-Bryan final in senior girls singles put Bryan ahead of Vanguard and Columbus in team points for the senior team title.

The YHS performance of two division championships among four finalists in the juniors and Ted Dodd's semi-final appearance in boys senior singles boosted Cameron into a promising future in Texas tennis.

Junior team strength was at a peak here, YHS coach Huffman noted. If the freshman and sophomore talent continues to develop, Yoe High School could become a contender for several years beyond district and regional level.

Cameron is playing a 17-match/tournament schedule this spring.

Two courts have been lined off and opened in OJ Thomas Park across from OJT School, where a third court was used during the YHS invitational.

Most of the dual matches are played in Cameron City Park but efforts are underway to get YHS courts resurfaced sometime this year.

It took 14 courts to handle entries in eight divisions, averaging almost 25 individual or team entries per division, the largest tennis tournament in city history.

Individual and team entries came from high schools in Bastrop, Belton, Bryan, Cameron, Columbus, Franklin, Waco Midway, Rockdale, Rosebud, Lott, Thorndale, Thrall, Waco High, Waco Vanguard and West.

Hard Work Is The Key To Yoe Tracksters Progress

Track is an individual sport, with the exception of the relays in which speed and teamwork or the main ingredients.

The Yoe High track team have opened their 1977 season and although they do not possess the speed and individual talent that has been apparent in past years, the Yoemen are training and conditioning to meet the standards of the tracksters of the past.

Track coach Paul Hoelscher cited the improvements in the team throughout the past few weeks as the varsity team has competed in five track meets to date, the most recent being in Marlin on April 2.

"We had a great deal of time improvement in the Marlin meet." "Again we were without Curtis Wise, and I feel that the absence of Wise cost us ten or twelve points. Wise is currently out of the program with injuries.

The team was consistent in turning in times that ranked them in the top three or four spots, but the lack of speed continues to plague the Yoemen.

In the Marlin meet David Rosemond, Kenneth Keith, Dean Lewis and Lawrence Lowe participated in the 440 yard relay, taking fourth place with the combined time of 43.5. The mile run and mile relay both ranked fourth for the Yoemen as Alvis Whiteside turned in a time of 4:51.3 for the run and John McIntyre, Bill Hughes, Dean Lewis and Kenneth Keith rounded the track with a combined time of 3:28 to place fourth in the mile relay.

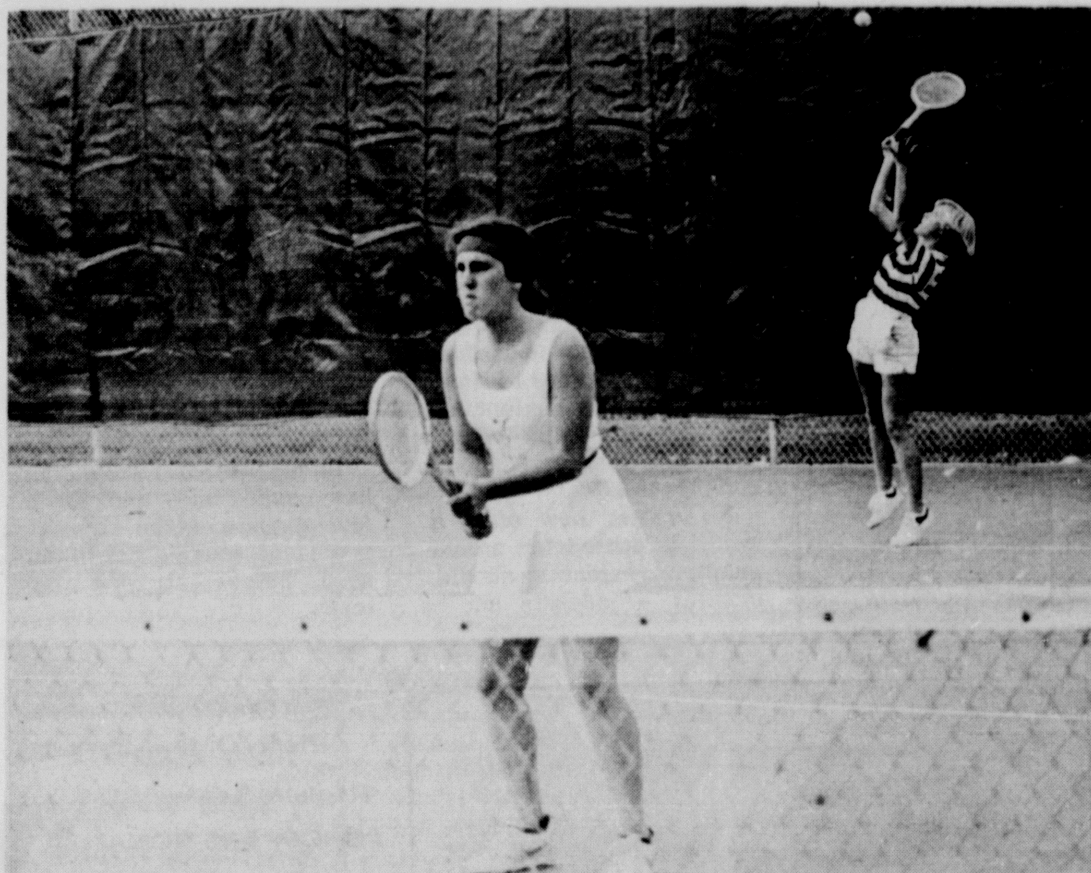

The Yoemen managed to turn in two third places in the Marlin Meet with Kenneth Keith in the 880 yard run with a time of 2:00 and Lawrence Lowe in the 100 yard dash with a 9.95. Lawrence Lowe was the only Yoemen to turn in a first place in the meet that being the 220 yard dash, with a time of 22.3.

The Yoemen have participated in four other meets earlier in the season, with the most improvements shown in the latter part of the season. The Yoemen have participated in the Rockdale, Robinson, Midway and Hearne track meets, faring well, but leaving room for improvement. At any rate the 77 Yoemen track team make the grade and come through the year with the gleaming Yoemen pride.

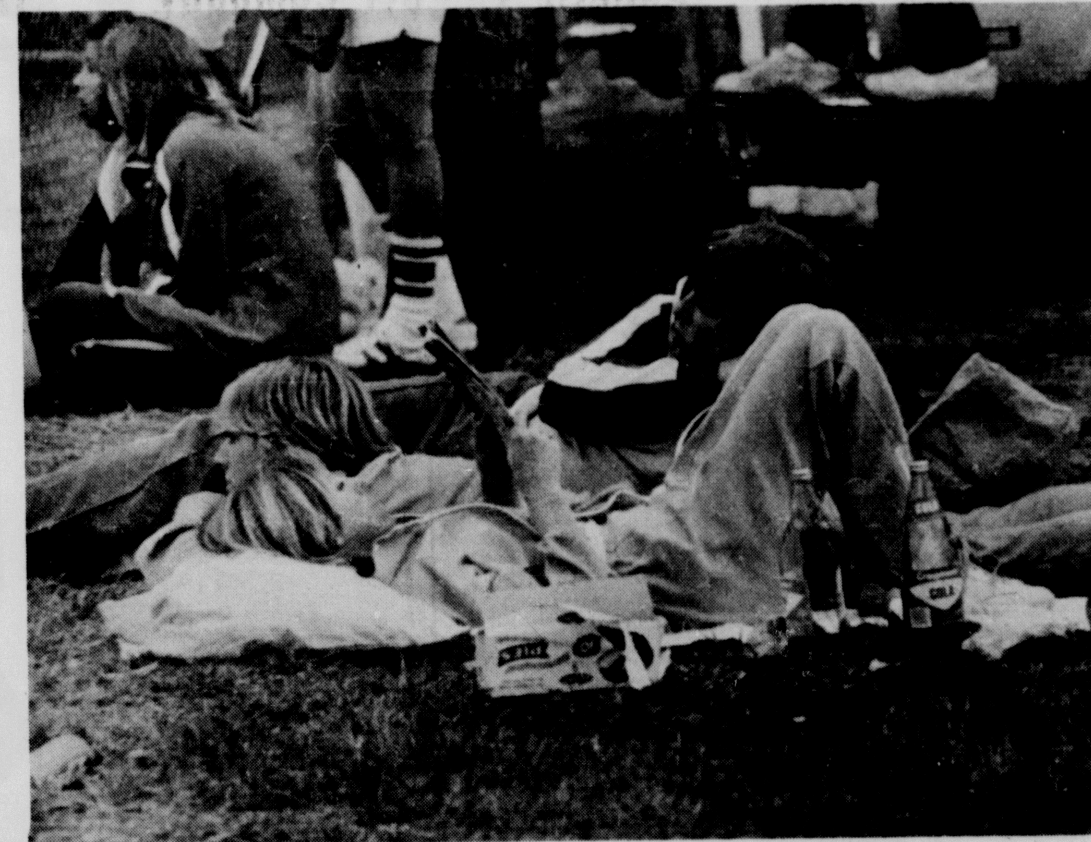

Q. I plan to drive my new sailboat to the lake next vacation I get. Actually I'm going to hitch it to a boat trailer and pull it there. Will the car insurance I have right now still cover me?

A. You'll have the same protection you have now as far as liability to another driver may be concerned, but if your boat or trailer gets damaged the cost may be yours unless you get a special addition to your policy.

GIRLS Junior Division Doubles Champs swing into action.

ITS NOT all work as tennis participants take a breather between matches.

"If the IRS calls me in, Block goes with me. No extra charge."

When Block prepares your taxes, they stand behind their work. So if the IRS should call me in, H&R Block will go along with me at no extra charge. Not as my legal representative, but to answer any question about how my taxes were prepared.

Santa Fe Safety Wins Award

Santa Fe Railway received a divisional award of honor and ten awards of merit from the Texas Safety Association at Houston for its statewide employee safety record.

The awards were presented at a luncheon in the Shamrock Hilton Hotel. J. R. Fitzgerald, Western lines general manager, and F. C. Paul, assistant to general manager, both of Amarillo, headed a delegation of Santa Fe officers accepting the honors.

The division award of honor went to the Northern division, headquartered at Fort Worth. Supt. J. W. Tiehen accepted the award.

Awards of merit for employee safety on the Santa Fe went to the Cleburne shops; Somerville tie treating plant; Amarillo rail welding plant; maintenance of way and signal departments, Southern division, Temple; train, engine and yard service, Northern division, Fort Worth; bridge and building and mechanical departments, Plains division, Amarillo; sheet metal workers, Western Lines, and general office building staff, Amarillo.

The Lonely Heart

Tornado Season Brings Warnings About Safety

Last year Texas was far and away the leader in tornado incidents in the nation with between 176 and 201 tornadoes sighted.

The discrepancy in figures is due to the system of recording used by two reporting agencies -- the National Weather Service (176) and the Department of Public Safety (201). There were, luckily, only two tornado-related deaths in the state in 1976.

Because this state is so susceptible to tornadoes, Texans should be especially aware of tornado safety rules.

For this reason, the insurance industry joins civil defense, weather service officials and interested organizations each year -- especially during peak months (April, May, June) -- to remind Texans of appropriate safety procedures in the event of a threatening storm.

KNOW WARNINGS

Two phrases that should be part of every Texan's vocabulary are "tornado watch" and "tornado warning." A watch -- usually posted for broad areas spanning hundreds of miles -- is issued anytime a squall line develops which has the potential of spawning tornadoes.

It is not uncommon for a city or town to be included in a watch dozens of times, without ever experiencing a tornado. For this reason, there is a danger of becoming complacent.

No matter how often a watch is posted for a community, residents should monitor broadcasts and be

generally aware of the potentially threatening weather.

Should a twister be spotted, a "tornado warning" is signaled.

Warnings are issued for much smaller areas and may mean that residents have only a few minutes to take shelter.

If a warning is issued, persons in the affected area should immediately watch for danger and be ready to take cover at a second's notice.

STAY LOW

The key word in taking cover is "low." The lowest floor in any building is safest. Small rooms -- such as the bathroom -- or a closet in the central part of the structure offer the best protection. If this hideout isn't available, taking cover under heavy furniture such as a tipped-over, upholstered couch is advised.

Neither a mobile home nor buildings with wide, free span roofs -- such as auditoriums -- are desirable shelters.

Most deaths associated with a tornado are caused by flying debris and most injuries are to the head or chest. For these reasons, care should be taken to protect the head and chest no matter where shelter is taken.

AFTER THE STORM

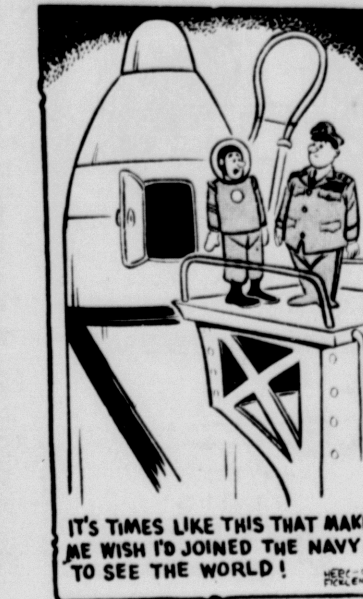

Immediately after a storm has passed stay put for a few minutes. Make sure there is no leaking gas in the area before striking matches. Remember, too,

downed telephone and power lines are a hazard.

Whenever a community begins mopping up after a windstorm or tornado, insurance companies put into force pre-arranged catastrophe procedures to help a community recover from the disaster.

As a general rule, hardship cases get first priority. The individual property owner can help by making temporary repairs to prevent further damage -- the cost of which is often covered by the insurance policy -- and by notifying the agent or company representative immediately upon discovery and estimation of potential loss.

The message is an old one but worth repeating, especially this time of the year: proper action before and after a storm can save lives and property.

IT'S TIMES LIKE THIS THAT MAKE ME WISH I'D JOINED THE NAVY TO SEE THE WORLD!

LSG Survey Shows Need For Conservation Steps

Three-fourths of the residential customers on Lone Star Gas Company's system have need for conservation steps that could reduce their homes' energy needs.

This fact was revealed in a just-completed survey done for Lone Star by Louis, Bowles and Grover, Inc., according to Neal Hall, vice president of Lone STAR's Community Relations Division.

The survey was done in preparation for a planned launching of a new consumer conservation program by Lone Star, Hall said.

Among other results, the survey showed that a majority of the residential homes in Lone Star's service area still have inadequate insulation and other energy conservation deficiencies. Only 17 percent of North Texas residents have added attic insulation, and most did it themselves.

Although a majority of homeowners in all income brackets are willing to invest money in conservation steps, relatively few have done so, the survey indicated.

Of those who have, 28 percent report doing so to reduce their utility bills, while another 8 percent wanted to conserve energy.

Closely related is the response by 27 percent of the consumers who reported making changes in their homes to improve the efficiency of heating and cooling equipment.

Over 40 percent of those customers who say they have not considered making any conservation changes believe that their home doesn't need any improvements.

Another one-fourth of those not considering conservation steps say they are financially unable to pay the cost of making their home more energy efficient.

Dividends Going To Veterans

Approximately \$180 million in GI insurance cash dividends will be paid to veterans within the next two weeks as part of President Carter's program to help stimulate the national economy.

This was reported today by Jack Coker, Waco VA regional director, who said the President had authorized acceleration of the dividend payments, which will speed early checks to 2.1 million veterans.

The dividends normally would have been paid on policy anniversary dates throughout the remainder of 1977.

The flow of dividends to veterans of both world wars and the Korean Conflict who hold government insurance policies is expected to be completed by April 8 through a coordinated effort by V and the Department of the Treasury, Coker said.

The first acceleration of GI insurance dividend payments as an aid to the economy was ordered by President Kennedy in 1961. Including the stepped up payments ordered today, the dividend payment process has been accelerated eight times in the last 16 years.

CARD OF THANKS

We wish to express heartfelt thanks and appreciation to friends and neighbors for their kindness and sympathy at the loss of my husband and our father, John Reiser. We would also like to thank Dr. Perrin, the staff of St. Edward Hospital, Marek - Burns - Laywell Funeral Home, Knights of Columbus Council #2338, St. Monica's Catholic Church and Ladies Society for the comforting service, gifts of food beautiful flowers and memorials. You kind thoughts will be cherished by our family forever. May God bless each of you.

Mrs. John Reiser and Children

Let us take this opportunity to express our heartfelt thanks to our friends, neighbors, and relatives for their kindness and consideration during our recent loss. Special thanks to those who sent cards, brought food, and sent flowers. We want to express our appreciation to Dr. S. H. Richardson, nurses and staff of St. Edward Hospital, Marek - Burns - Laywell Funeral Home and Rev. Dietrich of the First Baptist Church. God bless each of you.

The Family of Paul Rachui

To the voters of the Buckholts School District. I thank each and everyone that supported and made it possible for me to be elected to the school board.

EASTER HAM

Dress up your Easter ham with this glamorous cherry and pineapple glaze: Just place a pre-cooked ham, fat side up, on rack in a shallow pan. Heat at 325 degrees Fahrenheit for 1 1/2-2 hours. Meanwhile, drain 1 lb. 4 oz. can of pineapple slices, reserving syrup. Combine syrup with 1/2 cup cherry preserves, 1/4 teaspoon cinnamon and 1/4 teaspoon ground cloves. Cook over medium heat until reduced to half. Remove ham from oven, brush top and sides with glaze. Arrange pineapple slices over top and spoon rest of glaze over all. Heat 1/2 hour longer.
